

TECHNICAL DATA

- > Voltage: 230 V
- > Heating element: Solastar-G2
- > Output: 2500 W
- > Colours: White, titanium, nano anthracite
- > Special colour: possible against surcharge
- > IP rating: IP 65
- > Connection cable: Plug-in cable 180 cm
- > Certification: TÜV

PRODUCT ADVANTAGES

- + Innovative Solastar heating element
- + New quick installation system
- + Adjustable with handheld transmitter
- + with Bluetooth 4.1, and can also be controlled via app on a tablet or smartphone
- + Dimmable in 3 steps (33%/66%/100%)

SOLAMAGIC® S2

Premium infrared heater with integrated control system

The new SOLAMAGIC® S2 is a strong outdoor heater for your outdoor area. In the SOLAMAGIC® S2 BT version, this premium infrared heater can be conveniently controlled and dimmed in three stages (33%/66%/100%) with the free SOLAMAGIC X heatlinks App from SOLAMAGIC® via Bluetooth using a smartphone or tablet and with the separately available BT handheld transmitter. It can also be dimmed in three stages (33%/66%/100%) - in the SOLAMAGIC® S2 ARC version with the wireless hand-held transmitter. The device is made of high quality aluminum and equipped with a Solastar heating element, which combines a more pleasant, lighter colour with better thermal performance. Due to its wavelength, short-wave infrared radiation penetrates the air particularly efficiently and quickly - and also saves operating costs compared to gas and quartz radiators.

SOLAMAGIC® S2BT premium infrared heater with integrated Bluetooth control
