

### TECHNICAL DATA

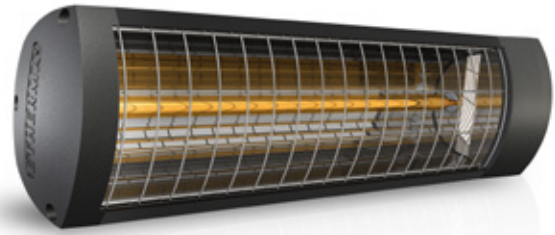

- > Voltage: 230 V
- > Heating element: Infrared LG
- > Output: 1800 W
- > Colour of casing: Black anodized
- > Colour of end caps: Nano anthracite
- > On/Off switch: No
- > Connection cable: Plug-in cable 180 cm
- > IP rating: IP 65

### PRODUCT ADVANTAGES

- + Innovative low-glare heating element
- + Maximum heat radiation to the front thanks to new reflector
- + Fast heat reaction
- + Simple installation
- + For ceiling and wall mounting

## ETHERMA SOLID

Outdoor infrared heater

The ETHERMA SOLID is the low-cost, entry-level variant for individual outdoor applications. The device is equipped with a low-glare infrared halogen lamp, so that the red light component is minimized despite its high power. The casing, made of high-quality aluminum, gives the heater a modern and durable design.
