

TECHNICAL DATA

- > Voltage: 230 V
- > Output: 80 W
- > Surface temp.: Max. 70 °C at standard internal temp.
- > Surface: Smooth surface
- > Frame: Steel casing, white RAL9016
- > Device/install. depth: 15mm
- > IP rating: IP 21
- > Plug-in connection: 2 m
- > Certificate: CE compliant
- > Warranty: 5 years

PRODUCT ADVANTAGES

- + Under-sink & wall mounting
- + Comfortable infrared heat
- + Timer function (LAVA2-DESK-80-T)
- + 3-stage adjustable (LAVA2-DESK-80-T)
- + Simple installation
- + Only 15 mm thin
- + Maintenance-free
- + Magnetic field free

LAVA® DESK 2.0

Infrared heating panel for tables

The LAVA® DESK provides the perfect warmth at the desk - whether at the workplace or in childrens' rooms. The infrared panel is also suitable for creating a warm place for your four-legged friend. Due to its simple installation, the infrared heater can be easily mounted under the tabletop or on walls and provides good heat. At only 15 mm high, it is virtually invisible under the table and takes up no space.

The LAVA® DESK is available both with a connection cable with an ON/OFF switch and with the ET-DESK-DIMM connection cable. With the latter, 3 power levels can be selected as well as 3 timer operations.

LAVA®DESK 2.0 Infrared heating panel
