

- A Resistance strands
- B Teflon, inner insulation
- C Protective braiding made of tinned Cu wires
- D Teflon outer insulation

TECHNICAL DATA OF HEATING MAT

- > Voltage: 230 V
- > Output: 230 W
- > Wall temperature: Approx. 55 °C
- > Limit temp: Approx. 60 °C
- > Heating conductor strength: Max. 3.3 mm
- > Dimensions of mat: 125 x 40 cm
- > Network structure: 12 x 12 mm, self-adhesive
- > IP rating: IP X7
- > Protective measure: Ground fault circuit interrupter, 30 mA
- > Connecting cable: 4 m; 2 x 1.0 mm²/1.5 mm² + Protective braiding
- > Certification: CE compliant

PRODUCT ADVANTAGES

- + Harmonious appearance of the room thanks to heater integrated into the wall
- + Noble KEUCO towel rail included - up to 3 more optionally possible
- + Included design thermostat with 2 relay outputs
- + Pleasant radiant heat

APPLICATION POSSIBILITIES

For drying and warming towels.

ETHERMA ZESTO

Towel warmer incl. design thermostat & KEUCO towel rail

The flush-mounted towel warmer ZESTO is a wall heating set consisting of a heating mat incl. a limiter (approx. 60°C), a designed built-in thermostat eTOUCH HYBRID with a noble look and smart button program, a high-quality, chrome KEUCO towel rail incl. mounting rail and an insulating plate.

The mesh heating mat, the insulating plate and the stainless mounting rail for the towel rail are flush-mounted in the wall. The thin-bed mesh heating mat can be laid as a tile adhesive under slabs or under plaster coverings. The rail offers a total of four possible mounting points (distance 13 cm) for mounting towel rails.

To control the towel warmer ZESTO, the set includes the designed built-in thermostat eTOUCH HYBRID. This has an OLED display, programmable on and off times and complies with the Ecodesign Directive. Optionally, the set can also be ordered without thermostat in the ETZ-230-1-CR-NT version.
